SchoolQ Staff Guide

The Home screen

Home shows one card for each screen you can use. Click a card to open it.

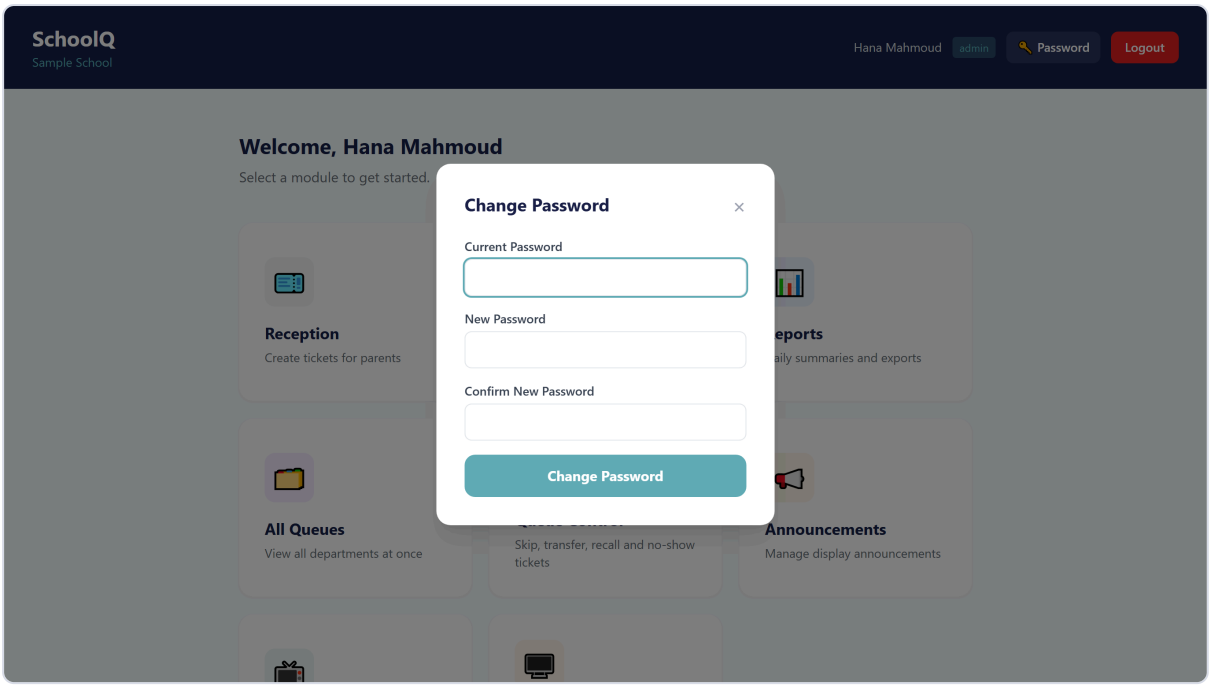

Steps

1. Find the card you need, for example **Reception** or **Reports**.

2. Click the card. To come back, click ← **Home** at the top left.

3 To change your password, click 🔑 **Password**.

4 Type your current password and your new password. The new password must have 8 or more characters. Save.

Good to know

- Cards you cannot see are not given to your user. Ask your administrator if you need one.
- Change your password if you think someone else knows it.
