SchoolQ Staff Guide

All Queues: see every department

Supervisors use All Queues to see all departments on one screen.

Steps

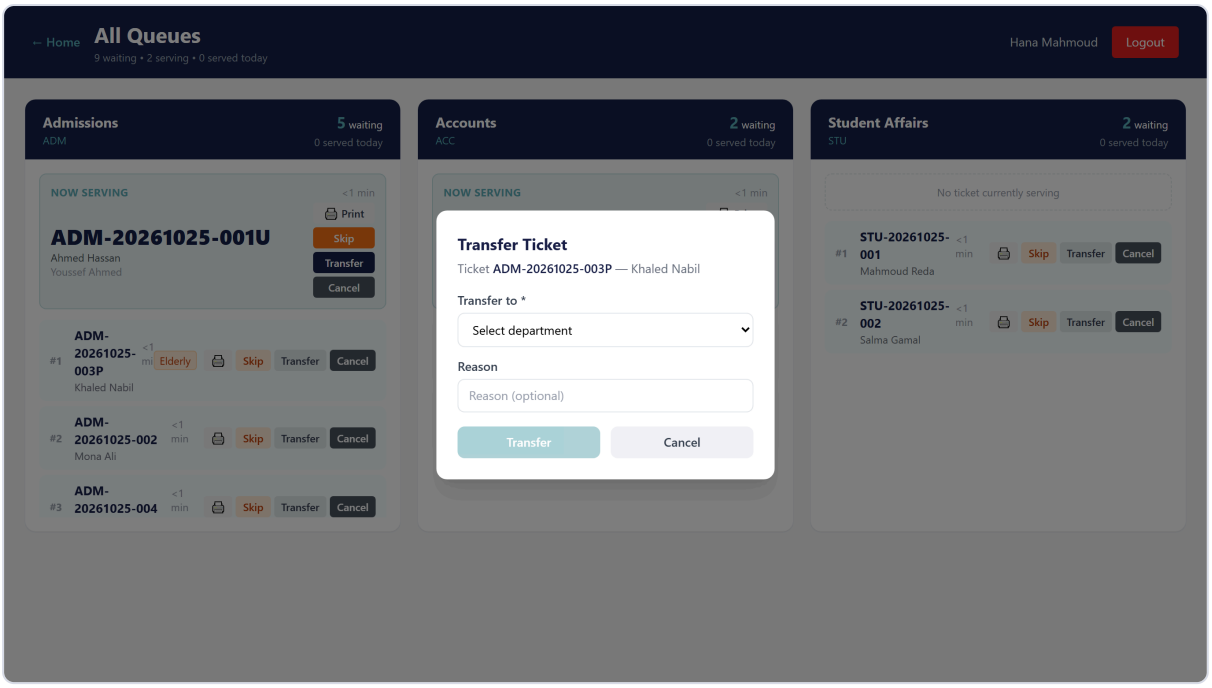

1. Open **All Queues** from Home.

2. Each department has a column. It shows **NOW SERVING** and the tickets that wait.

3. Each ticket has **Print**, **Skip**, **Transfer** and **Cancel** buttons.

4 To move a ticket to another department, click **Transfer** on that ticket.

5 Under **Transfer to**, choose the new department. The reason is optional here. Click **Transfer**.

Good to know

- At the top you see the total: for example "9 waiting • 2 serving • 0 served today".
- A transferred ticket keeps the same ticket number.
- Use this screen to find a department with a long wait and help it.
