SchoolQ Staff Guide

Self-Service Kiosk

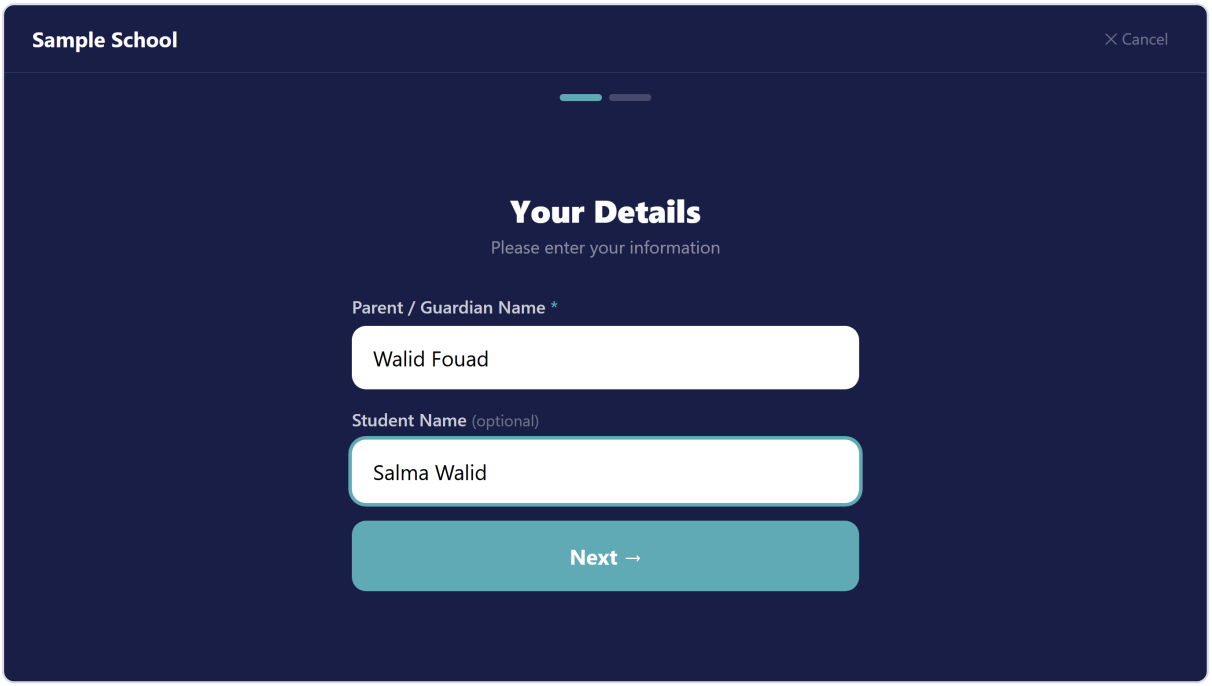

The kiosk is a touch screen. Parents make their own ticket.

Steps

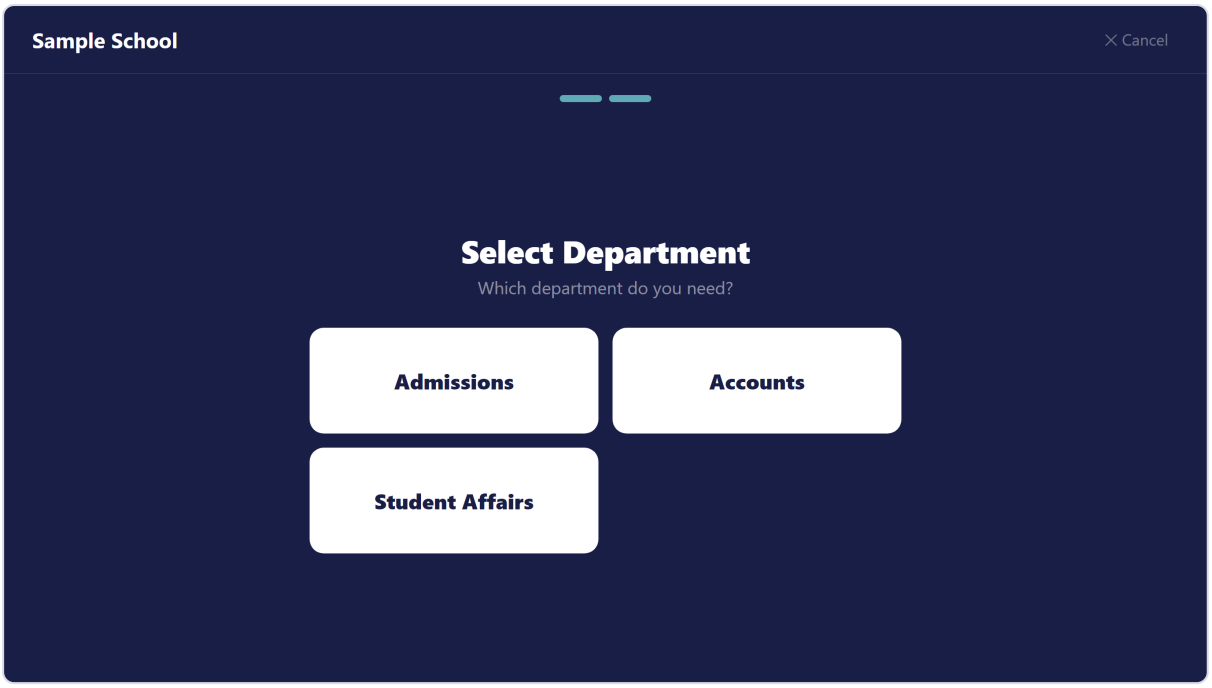

1. The parent touches **Get a Ticket**.

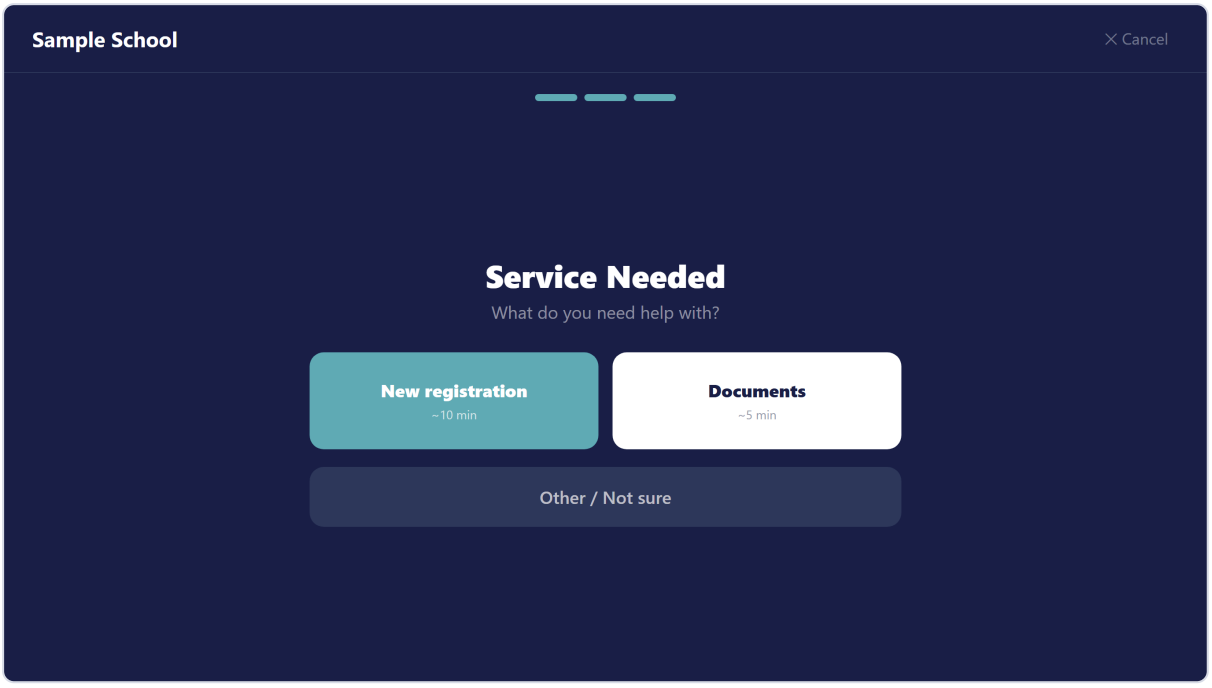

2. The parent types the **Parent / Guardian Name**. The **Student Name** is optional. Touch **Next →**.

3 The parent chooses a department.

4 The parent chooses a service, or **Other / Not sure**.

5 The ticket prints by itself. The screen then goes back to the start.

Good to know

- Keep paper in the printer.
- If a parent needs help, make the ticket for them in Reception.
