SchoolQ Staff Guide

TV Display

The TV Display shows the queue to parents in the waiting area. It needs no sign-in.

Steps

1. Open **Display Monitor** on the TV computer.

2. Each department has a column with **NOW SERVING** (the ticket and the counter), **NEXT** and **WAITING** (how many wait).

3. Announcements scroll along the bottom of the screen.

4. When a ticket is called, the screen shows it and the voice reads it.

Good to know

- Leave the screen open all day.
- If the screen is blank, check the network and that the server is on.
