SchoolQ Staff Guide

Announcements

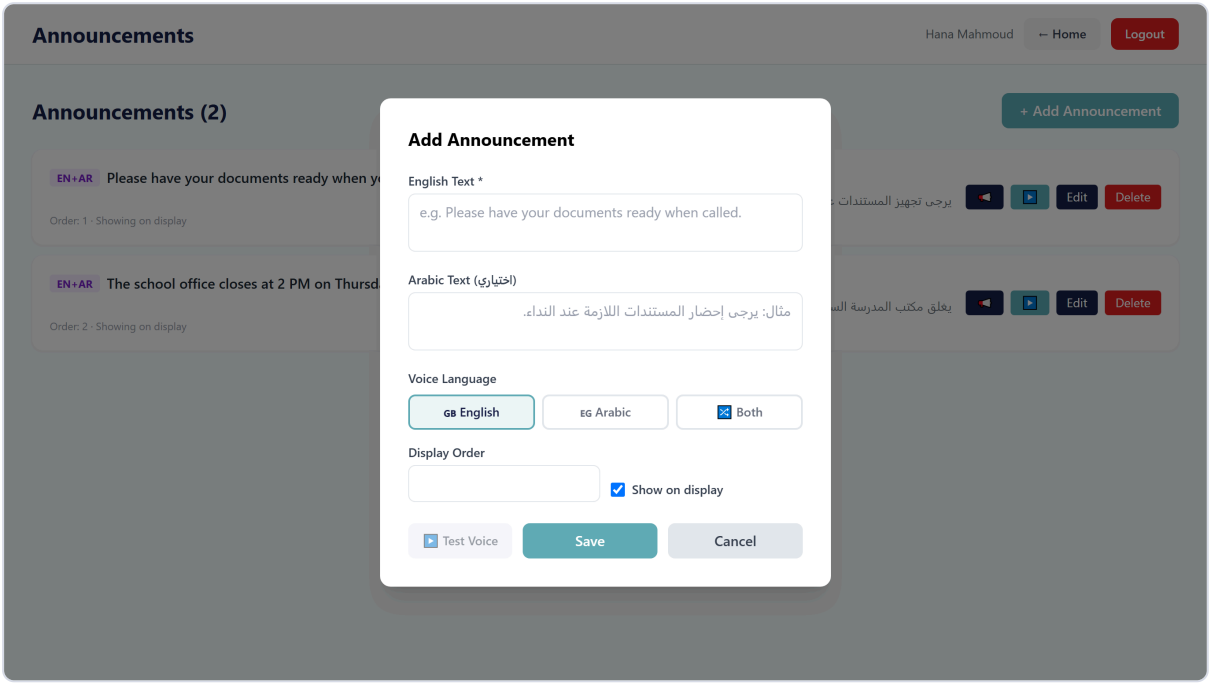

Announcements are messages that scroll on the TV Display. They can also be read aloud.

Steps

1 Open **Announcements**.

2 Click **+ Add Announcement**.

3. Write the **English Text**. The Arabic text is optional.
4. Under **Voice Language**, choose **English**, **Arabic** or **Both**. Set the **Display Order** number.
5. Tick **Show on display** if the message must scroll on the TV.
6. Click **Test Voice** to hear it. Then click **Save**.
7. In the list, the megaphone button announces the message now and the play button gives a preview. Use **Edit** or **Delete** to change or remove a message.

Good to know

- Keep each message short.
- Untick **Show on display** to hide a message without deleting it.
